

Duplo DB-280 Automated Desktop Perfect Binder

The Duplo DB-280 Automated Desktop Perfect Binding Machine offers a cost effective method of producing professionally bound books and manuals in a limited space. With a smaller footprint, flexibility to do both perfect binding and padding, and easy setup design; the DB-280 has the capabilities of more expensive machines. The DB-280 features a clearly marked and centrally located LED display (helps ensure accuracy) with push button conversion for padding jobs. With the automated performance and other outstanding features typically reserved for more expensive machines, the DB-280 provides centrally located controls for single-operator efficiency. We have guaranteed low prices on our entire perfect binding machines. Order yours today!
